

NVMSA'20 Instructions for Presenters

These instructions are for presenters at the **9th IEEE Non-Volatile Memory Systems and Applications Symposium**.

Presentations: Authors are required to record videos of their presentations and prepare their slide decks prior to the conference event. Videos and slide decks are due **Monday, August 17, 2020** and must be submitted via the **submission system or email (nvmsa2020@gmail.com)**.

1. Authors must prepare a **video of 20-25 minutes in length**: This video will be played live for you by the NVMSA staff during the event at your designated talk time slot of the program and will be followed by a Q&A session that authors will answer live.
2. **Video Specifications:** Please follow the below guidelines for preparing a video presentation of your accepted papers.
 - a) MP4 file format with 1080p preferred
 - b) 16:9 aspect ratio preferred
 - c) 500MB max file size
 - d) Clear audio (headphones and headsets are permitted)
 - e) The following file naming convention is preferred, wherein **[lastname]** is the last name of the first author of the paper:
 - f) Naming: **nvmsa2020_video_[lastname].mp4**(i.e. **nvmsa2020_video_park.mp4**)
3. Full screen slides with a speaker's webcam view, as shown here:

Note: Please ensure that the speaker's webcam view must not cover/overlay any appropriate information on your slides. The webcam view can be placed on top right or bottom right of the slide.

4. Slides Specifications:

1. Please upload the talk slides from the same video presentation that will be played during the event.
2. Introduction slide at the beginning of your presentation that clearly lists the name of your paper and the authors
3. Closing slide to thank your audience and/or collaborators and list your contact information should you wish to receive follow-up questions from attendees
4. Please make sure to send a PDF format for your slides deck.
